

# OpenOffice Strategy

## Open Standards Based Office Productivity Suite

- Managed as an independent Global Business Unit
  - Retaining Sun development and support teams
- Continue to develop, promote and support OpenOffice
  - Including the OpenOffice.org community edition
- Deliver Oracle Cloud Office
  - Web based productivity suite – integrates desktop, web, and mobile user interaction
- Focus on enterprise customers
  - e.g. integrations with BI and Content Management
- Enhance the customer support experience
  - Leverage the Oracle Customer Services infrastructure
